JUSTICE SYSTEM

Article 1 Court Structure

1.1 The Supreme Court shall ensure the uniform application of the law by deciding on appeals brought in accordance with the law. At least fifteen per cent (15%) of the judges of the Supreme Court, but in no case fewer than **five (5)** judges, shall be from Communities that are not in the majority in Kosovo **and Metohija**.

1.2 At least fifteen per cent (15%) of the judges of each District Court, but in no case fewer than two (2) judges, shall be from Communities that are not in the majority in Kosovo **and Metohija**.

1.3 If there is no **municipal** court on the territory of one of the new municipalities established pursuant to Annex III, that municipality may, by decision of the Municipal Assembly, submit a request to the Kosovo **and Metohija** Judicial Council (**KMJC**) for a decision on the establishment of a **municipal** court within its territory, or for one of the existing **municipal** courts on the territory of another municipality to have jurisdiction for the territory of the new municipality. An existing municipality, where the majority of the population belongs to a Community that is not in the majority in Kosovo **and Metohija** and which does not have a **municipal** court of its own, shall have the same right.

1.3.1 The **KMJC** shall grant such requests unless, in the case of a request for a new **municipal** court, the weighted caseload for that jurisdiction would be insufficient to justify the existence of a separate court.

1.3.2 If a request for the establishment of a new **municipal** court is granted by the **KMJC**, the competent authorities shall take all necessary measures to ensure that any new court is established and functioning within a period of **four** months from the date of the decision.

1.3.3 If a request for the establishment of a new **municipal** court is not granted by the **KMJC**, **the municipality may request that one of the existing municipal courts on the territory of another municipality have jurisdiction for the territory of the new municipality. The KMJC is then obliged to grant such a request within a period of four months.** [or if the municipality requests an existing court to have jurisdiction for its territory, the competent authorities shall take all necessary measures to improve access to justice for local communities made difficult by reason of geographical isolation, lack of security or other relevant factors. Such measures may include the establishment in the territory of the new municipality of a Department of an existing basic court that the new municipality has requested have jurisdiction for its territory, or provide for the holding of sessions in the territory of the new municipality of this basic court.] **DELETED**

1.3.4 With respect to the establishment of a public prosecutor's office in a new municipality or in an existing municipality, where the majority of the population belongs to a non-majority Kosovo and Metohija Community and which does not have a public prosecutor's office, the municipality in question shall have the same right to request the

establishment of such an office that it is granted with respect to the municipal court in Art. 1.3 of this Annex. In case such a request is denied, it shall have the same right to request that one of the existing public prosecutor's offices have jurisdiction for its territory that it is granted with respect to the municipal court in Art. 1.3.3 of this Annex.

1.4 At least one District Court, and one District Public Prosecutor's Office, shall be formed that shall have jurisdiction for the territory of the Serb majority municipalities. This District Court shall also consider commercial and administrative cases for the territory of those municipalities.

1.5 Four separate chambers shall be formed in the Supreme Court of Kosovo and Metohija to consider civil, criminal, administrative, and commercial cases stemming from the District Court referred to in Art. 1.4 of this Annex or Municipal Courts in the Serb majority municipalities. Each of these chambers shall be composed of five (5) judges, two (2) of whom shall be selected among the Supreme Court judges belonging to the Kosovo and Metohija Serb Community, and one (1) of whom shall be an international judge, who shall also be the Chairman of the chamber in question.

1.6 The ESDP Mission shall monitor and supervise the functioning of the judicial system in Kosovo and Metohija, closely cooperating with the ICR. It shall pay particular attention to equal and efficient human rights protection of the members of all Communities not in the majority in Kosovo and Metohija.

Article 2 Judges and Prosecutors

2.1 The composition of the judiciary and the prosecution service shall reflect the ethnic diversity of Kosovo **and Metohija** and the need for equitable representation of all Communities, having due regard for internationally recognized principles of gender equality, as reflected in the human rights instruments referred to in Article 2 of Annex I of this Settlement.

2.2 Kosovo **and Metohija** judicial institutions shall, in particular, reflect the ethnic composition of their area of jurisdiction. The Kosovo **and Metohija** Judicial Council shall take such measures as are necessary with a view to increasing the number of judges and prosecutors from Kosovo **and Metohija** Communities that are currently underrepresented among judges and prosecutors serving in Kosovo **and Metohija** or in any part thereof.

2.2.1 To fulfill its responsibilities to this end, the **KMJC** shall, *inter alia*, give preference, among equally qualified applicants for service as judges or prosecutors, to members of underrepresented Communities.

2.2.2 The preference for equally qualified candidates from underrepresented Communities shall apply as long as the percentage of judges and prosecutors who are members of Communities that are not in the majority in Kosovo **and Metohija** is below 15%, and/or the percentage of judges and prosecutors who are members of the Kosovo **and Metohija** Serb Community is below 8%.

Article 3 The Judicial and Prosecutorial Appointment Process

3.1 The on-going, one-time, comprehensive, Kosovo/**Metohija**-wide review of the suitability of all applicants for permanent appointments, until the retirement age determined by law, as judges and public prosecutors in Kosovo **and Metohija** (the "Appointment Process"), shall continue to be carried out in accordance with Administrative Direction 2006/18¹ and shall not be affected by the termination of UNMIK's mandate or the entry into force of the new Constitution, as set forth in Article 14 of this Settlement, except to the extent provided for in this Annex.

3a.1 In the Serb majority municipalities, Municipal Assemblies elect Municipal Court Presidents and judges, Municipal public prosecutors and their deputies in accordance with the criteria and recommendations provided for by the Kosovo and Metohija Judicial Council (KMJC). Judges and public prosecutors elected in such a manner are thereafter confirmed and appointed by the Assembly of Kosovo and Metohija. If the Assembly does not confirm the candidates elected by the Municipal Assemblies, specific reasons must be provided why an elected judge or a public prosecutor does not meet the

required criteria. In that case, Municipal Assemblies elect other candidates for judges or public prosecutors, who must then be appointed by the Assembly.

3a.2 With respect to judges and prosecutors of the District Court and the District Prosecutor's Office, referred to in Art. 1.4 of this Annex, the Supreme Court judges, referred to in Art. 1.5 of this Annex, and Constitutional Court judges, referred to in Annex I, Art. 6.3a, candidates for these functions are proposed by the Kosovo and Metohija Assembly members holding seats reserved or guaranteed for the Kosovo and Metohija Serb Community. In case the Assembly fails to elect these candidates, new candidates may again be proposed for the same functions by the Assembly members holding seats reserved or guaranteed for the Kosovo and Metohija Serb Community. If these new candidates also fail to be elected, they are appointed by the ICR in consultation with ESDP Mission, provided they possess the relevant professional qualification and expertise necessary for the performance of these functions.

3a.3 Municipal Assemblies elect magistrate judges for Magistrate Courts in the territory of one or more Serb majority municipalities, as well as Appellate Magistrate Chamber whose jurisdiction coincides with the jurisdiction territory of the District Court, referred to in Art. 1.4 of this Annex. The Assembly of Kosovo and Metohija has the right to reject the candidates elected provided that specific reasons are given why the elected judge does not meet the required criteria. Thereafter, the Municipal Assembly elects another candidate for that function and that election is final.

Article 4 The Kosovo Judicial Council
